On Going Business:

Town Owned Lands/Open Space:

As a continuation of last months meeting concerning the possibility of the Town selling Town owned lands, the group in attendance reviewed the list of Town owned properties. The group worked on the identification of these properties on the Town maps as well as their locations on the Open Space priority areas map (included in the Town Open Space Plan).

Karen will assist the Commission by creating a detailed list of the properties (i.e. address/lot and map number, property size, etc.) that should be considered as Open Space focus areas.

Identified that additional work may be required to determine the status of these lands, as some may not yet be available for the Town to sell (i.e. tax acquired properties that the Town has not held long enough yet).

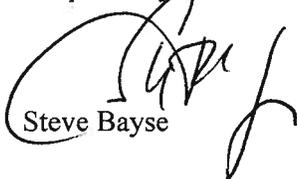

Quamphegan Article:

Commission members discussed input for the fall Quamphegan. Steve to draft and submit to Pat.

New Business:

None

Respectfully submitted,
