Re: Maine Department of Transportation
2013 MS4 General Permit
Public Notice to Regulated MS4 Municipalities

This letter is to inform you that the Maine Department of Transportation (MaineDOT) intends to file a Notice of Intent (NOI) with the Maine Department of Environmental Protection by July 30, 2013, as required by the *2013 General Permit for the Discharge of Stormwater from Maine Department of Transportation and Maine Turnpike Authority Municipal Separate Storm Sewer Systems*.

It is understood that our facilities are interconnected with those of the regulated MS4 municipalities and that there will be opportunities for us to coordinate to address mutual stormwater efforts.

If you have any questions or comments please contact me at 557-3471 or email me at stephen.w.tibbetts@maine.gov.

Sincerely yours,

Stephen Tibbetts, P.E.
