

For a healthy maine

Want to Have a Beautiful Healthy Yard?

YardScaping is a program designed by the Maine Board of Pesticides to reduce pesticide and fertilizer use. It promotes a wholistic program of yard care using native species of plants that like to live in Maine, support our natural beneficial wildlife. Here are our upcoming YardScaping Workshops, or check with us on Facebook - York County MS4s

RSVP: to Kristie Rabasca at 207-415-5830 or via email at

krabasca@integratedenv.com

or sign up through the adult ed websites:
